Dear Dr. Fung

**Thank you for the Voluntary Contribution of Department of Computing,
Hong Kong Institute of Vocational Education (Sha Tin)**

We are writing to express our gratitude to the voluntary student team from Department of Computing of Hong Kong Institute of Vocational Education (Sha Tin) for contributing to the concept design, production and editing of iProA's 10th Anniversary Video Documentary.

With the coordination of the student team, the 10th Anniversary Video Documentary is a commendable work to celebrate our precious moment of 10th Anniversary. The video is highly appreciated by our members and IT fellows and it makes our 10th Anniversary Celebration successful.

The travel subsidy reimbursed for the project of 10th Anniversary Video Documentary is enclosed.

We look forward to future opportunity for the collaboration with your Department. We hope our 10th Anniversary Video Documentary project provided opportunity to the students to experience the video production in a real working environment and we wish every success to the students in the coming academic years or career pursuit.

Yours sincerely,

Nancy Lai

Office Manager
