Exploring Opportunities, Success in Action

Established in 1982, the Vocational Training Council (VTC) is the largest vocational education, training and professional development group in Hong Kong. VTC provides valuable credentials for over 180,000 students each year through a full range of pre-employment and in-service programmes with internationally recognised qualifications.

At VTC, through the breadth of the programmes offered across our member institutions, we strive to open the door to an increasingly diverse and rich world of learning opportunities. Our “think and do” approach offers students the chance to cultivate their passions for learning while imparting the necessary skills and know-how for them to succeed.

Our professional teaching staff are committed to fostering interactive and creative learning environments where every student can shine. Meanwhile, industry partners can continue to look to us for proactivity in developing our programmes, so that we continue to produce the valuable talent that Hong Kong needs to be competitive in the global knowledge economy.

Yee Chel Man Senior Secondary School

Established in 1984, Yee Chel Man Senior Secondary School (YCMS) is a secondary school offering a broad range of programmes. The school aims to provide students with a solid foundation in various subjects, enabling them to develop into well-rounded individuals.

Breaking New Grounds in Senior Secondary Education

為高中教育創先河

YCM offers senior secondary students more choices in education with different curriculum focuses to maximise their progression opportunities – through mainstream or vocational education route – to prepare them for lifelong learning in a knowledge-based society. Generic and vocational subjects incorporating Applied Learning Studies are offered to suit students’ interest and to help them acquire all-round knowledge and practical skills crucial for career development. Living skills and key skills are also incorporated into its courses to nurture their self-management and team spirit.

YCM was established by VTC, whose vision for senior secondary education is student-centred, focusing on developing the multiple intelligences, multi-talented interests and creativity of students. YTC Council Members and senior management sit on the School Management Committee to provide the steer on directions and strategies of the School while daily operation is vested with the school management.

邱子文中學

YCM is a member of the Vocational Training Council (VTC) and offers a wide range of programmes to cater for the diverse needs of students. The school provides a supportive environment that encourages students to strive for excellence.

Tapping Potentials of Students 引發學生潛能

YCM will institute the new senior secondary curriculum in the 2009/10 academic year to provide training for 54 to 56 students in the four professional disciplines of Business, Information Technology, Design and Travel & Tourism. Students can also choose from eight subjects of Applied Learning courses catering different learning needs and interests, to acquire professional knowledge through an industry simulated environment. Current students on HKCEE courses can still progress to 56 and 57 or foundation diploma courses in YCM.

YCM will offer in 2009/10 Academic Year a new Senior Secondary Curriculum, comprising four professional disciplines: Business, Information Technology, Design and Travel & Tourism. Students can choose from eight Applied Learning courses to acquire professional knowledge through an industry simulated environment. Current students on HKCEE courses can still progress to 56 and 57 or foundation diploma courses in YCM.

Dual Progression Pathways (334 New Senior Secondary Curriculum) 雙軌升學途徑 (334新高中課程)

YCM is established under the Direct Subsidy Scheme providing dual progression pathways for students who may choose to sit for the open examination after the three year senior secondary curriculum for articulation to universities. They can also apply for VTC Higher Diploma courses through internal assessment at the School.

Students can also choose from eight subjects of Applied Learning courses catering different learning needs and interests, to acquire professional knowledge through an industry simulated environment. Current students on HKCEE courses still progress to S6 and S7 or foundation diploma courses in YCM.

YCM will launch in 2009/10 the Dean’s Innovative Visiting Professionals Program, which is an initiative for students to provide business, technical advice and support to pre-university students in YCM. Undergraduate students from different universities and industries will be invited to visit and assess the work of students in YCM. The program aims to enhance students’ understanding of the work environment and broaden their career perspectives.

Dual Progression Pathways (334 New Senior Secondary Curriculum)
