

Transport Logistics Training Board

Out-Centre Course Scheme

Transport Logistics Training Board

One of the aims of the Transport Logistics Training Board is to promote training of people employed in the freight transport/logistics industry so that their skills and knowledge are established and/or improved. The Training Board operates an Out-Centre Course Scheme and provides subsidies to participants of endorsed courses and programmes. Minimum 80% attendance and a passing mark (for those with test/examination) are required for eligibility for subsidies.
