Higher Diploma in

Computer Systems Administration

Course Code: 41900T

The program caters for a wide range of backgrounds and aspirations. This September it will be offered as a 1 year top-up for existing IT Diploma holders:

- Diploma in Software Engineering
- Diploma in Computer Systems Administration
- Diploma in Telecommunications and Networking, and
- Other diplomas in IT disciplines

Students in this program are primed to acquire key contemporary skills to better equip them for today’s industry and continue their studies to degree level.

The program includes the latest technologies:

*Mobile Computing, System Security,*
*Advanced Object-Oriented Technology,*
*Human Computer Interaction and Multimedia Computing,*
*Systems & Network Management and Enterprise Software.*

Students can choose to acquire Bachelor’s Degree through an established articulation program with Swinburne University of Technology in Australia.
