

Film and Transmedia

QF Level: 3 QR Registration No.: 18/000561/L3 Registration Validity Period: 01/01/2019 To 31/08/2021*

Course Features

Course Aims

This course provides students with authentic learning experiences to acquire the fundamental theories and concepts of film and transmedia, and helps students develop their creative mind, work ethics and various soft skills in communication, team work, problem-solving and critical thinking through hands-on practice and interactive learning and teaching activities.

Diversified Learning and Teaching Activities

There will be lectures with demonstrations, practical training, film appreciation, visits to TV studios or post-production companies, professional talks and sharing, project learning, annual screening, etc.

Simulated Learning Environment

Equipped with industry-standard facilities and equipment, e.g. HDTV Studio, Digital Color Grading Studio, Special Effects Shooting Studio, etc.

Professional Recognition

Students will obtain a Qualifications Framework (QF) Level 3 certificate in addition to HKDSE qualification upon successful completion of the course. The School has established cohesive links with the related industries and professional bodies including Hong Kong Association of Interactive Marketing (HKAIM), International Federation of Creativity and Technology (IFOCAT), Society of Motion Picture and Television Engineers (SMPTE) and Hong Kong Digital Entertainment Association (HKDEA).

*The re-accreditation will be conducted in 2021.

Mr. Ho Hong, Director for Advertisement, Music Video and Short Film Making

"Apart from knowledge on film and video production, skills in arrangement and organisation as well as creativity are particularly important in the industry. This ApL course facilitates students' development of the aforesaid knowledge and skills by providing a context in an authentic environment – through teamwork in film and video making, communication and interpersonal skills can be enhanced; through producing film and video on social issues, students learn to communicate their ideas and express their creativity in related topics."

Articulation Pathway

Further Studies
