2023建造業議會建築信息模擬比賽 VTC學生奪多個獎項

VTC students scoop multiple awards in the CIC BIM Competition 2023

VTC學生於「2023建造業議會建築信息模擬比賽」中奪得多個獎項。

比賽由建造業議會舉辦，旨在向修讀建築相關課程的專上院校學生推廣建築信息模擬的實際應用。今次比賽的主題為「可持續的建造創新園區」，參賽者需運用建築信息模擬技術，將位於香港仔的香港建造業工藝測試中心，設計成全新的建造業創新及科技應用中心。

經過一輪比併，比賽冠軍最終由香港高等教育科技學院（THEi高科院）和珠海學院組成的學生隊伍奪得。另外三支由THEi高科院、香港專業教育學院和香港知專設計學院組成的學生隊伍，亦分別獲得季軍、優異獎及最佳演繹獎。

VTC students received multiple awards in the CIC BIM Competition 2023. The Competition was organised by the Construction Industry Council, aiming to promote the application of Building Information Modelling (BIM) to students studying construction-related programmes in tertiary institutions. Under the theme of 'Sustainable Design of the Construction Innovation Campus', participants were required to use BIM technology to redesign the Hong Kong Construction Industry Trade Testing Centre in Aberdeen into a new Construction Innovation and Technology Application Centre.

The championship ultimately went to a student team formed by the Technological and Higher Education Institute of Hong Kong (THEi) and Chu Hai College of Higher Education, while three other teams with students from THEi, the Hong Kong Institute of Vocational Education, and the Hong Kong Design Institute, won the Second Runner-up, Merit Awards, and the Best Presentation Team respectively.
