VTC學生於第40屆香港鐘表設計比賽奪多項殊榮
VTC students sweep prizes in the 40th Hong Kong Watch & Clock Design Competition

VTC學生於比賽中奪得三甲及優異獎。
VTC students win the top three prizes along with a merit prize in the competition.

三位分別來自青年學院〔國際課程〕、才晉高等教育學院（SHAPE）及香港知專設計學院（HKDI）的學生，早前於「第40屆香港鐘表設計比賽」學生組囊括冠、亞、季軍，成績令人鼓舞。比賽由香港貿發局、香港表廠商會及香港鐘表業總會合辦，為新晉鐘表設計師及技術人才提供平台展現創意，同時為行業注入新血。
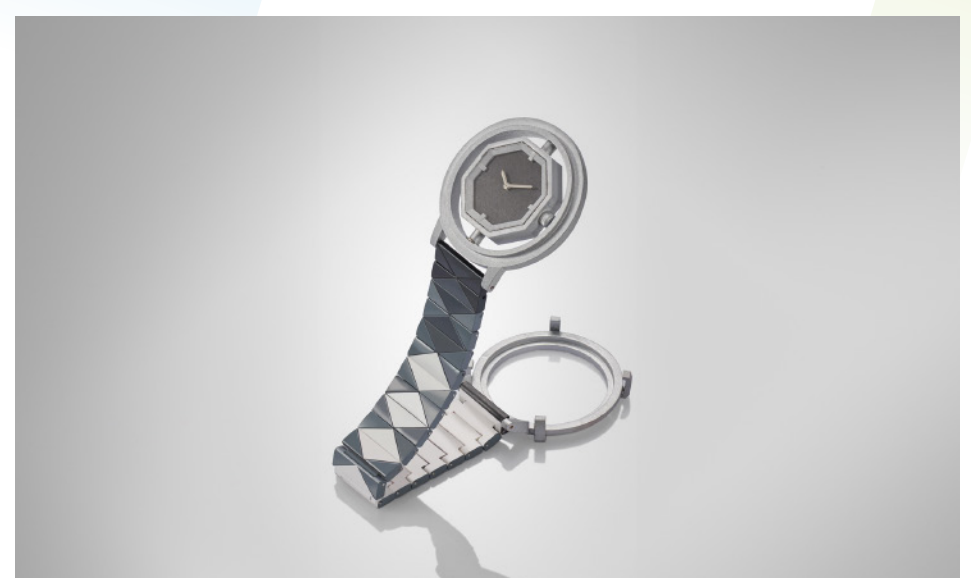

Three students from Youth College (International) (YCI), School for Higher and Professional Education (SHAPE) and Hong Kong Design Institute (HKDI) seized top prizes in the student group of the 40th Hong Kong Watch & Clock Design Competition. Organised by the Hong Kong Trade Development Council, The Hong Kong Watch Manufacturers Association Limited and The Federation of Hong Kong Watch Trades & Industries Limited, the competition provided a platform for young watch and clock design talent and technicians to showcase their creativity, while injecting new impetus into the industry.

YCI Student Wong Yin Yeung won the championship with his design "Tanzzle". Incorporating a foldable design of the Tangram on the watch face, wearers can engage in exciting matches with friends, which makes the watch fun to use.

冠軍作品 Champion

修讀青年學院職專國際文憑（設計）的黃彥洋同學以「遊戲代碼」主題贏得冠軍殊榮，作品以摺疊式設計將桌上遊戲「七巧板」收納於手錶錶面，讓用家能隨時隨地與朋友進行競賽，令手錶更添玩味元素。

亞軍作品由SHAPE的裴匡堯以「逆時對決」為設計主題，表面設計重現經典遊戲「食鬼」場面，手表背面收藏了迷宮遊戲，將實用與趣味融為一體。季軍及優異獎則分別由HKDI鄺卉妍同學及周思婷同學奪得。

季軍作品 Second runner-up

The first runner-up was Pui Hong Yiu of SHAPE. His design "Over Game" added game elements to the watch by displaying the classic game Pac-Man on the face and a maze game at the back. Meanwhile, Kwong Way Yin and Chow Sze Ting of HKDI won the second runner-up and the merit prize respectively.
