The delegation posed for a photo with representatives of the Amsterdam University of Applied Sciences in the Netherlands.

VTC致力为学生提供教学设备先进、专业,和充满创意互动的学习环境,促进学生多元发展,提升职专教育成效。早前,由VTC主席戴泽棠先生、副主席叶中贤博士及庄坚烈先生、执行干事唐智强先生等组成的代表团,赴欧美多个城市,到访当地多间知名职专教育院校,包括美国纽约市康乃尔科技校区、加拿大多伦多圣力嘉理工学院、德国特里尔应用科技大学、荷兰阿姆斯特丹应用科学大学、瑞士洛桑州立艺术学院等,了解校园设计和规划的最新趋势,为VTC茶果岭新校舍发展项目取经。

是次考察,代表团参观了多个职专教育校园及标志性建筑,深入了解欧美在创新空间设计、校园基础设施、可持续发展设计策略以及公共空间与城市环境设计整合等方面的实践。代表团亦借镜院校的学习环境设计,探讨空间规划如何促进师生交流,以及业界夥伴和跨学科合作,并就智能校园及可持续校园发展设计策略搜集了宝贵资料,为新校舍以及未来的其他校园发展项目带来启发,务求为同学们为打造设备先进完善、创新互动,且能支援专业培训的学习空间。

代表团参观加拿大多伦多乔治布朗学院。

The delegation visited George Brown College in Toronto, Canada.

VTC is committed to providing professional, creative and interactive learning environment with advanced teaching facilities to foster students' diversified development, enhancing the learning outcome of vocational and professional education and training (VPET). A delegation comprising Mr Tony Tai, Chairman of VTC; Dr Daniel Yip and Mr Paul Chong, Deputy Chairmen of VTC; Mr Donald Tong, Executive Director of VTC and other members visited renowned VPET institutions in America and Europe, including Cornell Tech in New York City of the United States, Seneca Polytechnic in Toronto of Canada, Trier University of Applied Sciences in Germany, Amsterdam University of Applied Sciences in the Netherlands and Ecole cantonale d'art de Lausanne in Switzerland, etc., to learn about the latest trend of campus design and planning for the development of the new campus in Cha Kwo Ling.

代表团参观美国纽约市康乃尔科技校区。

The delegation visited Cornell Tech in New York City, United States.

The delegation visited various VPET campuses and iconic buildings in North America and Europe to gain insights into exemplary VPET and educational practices pertaining to spatial design, campus infrastructure as well as their essential smart and green elements and to explore exemplary buildings design that could serve as benchmarks for the development of the new VTC campus. The delegation also looked into how space design can facilitate staff and student exchange, and explored how industrial partnership and inter-disciplinary study can be fostered in the learning environment. The visits also gathered valuable information about the smart and sustainable campus design strategy, providing inspiration on the planning of the Cha Kwo Ling new campus and other campus development projects, with a view to providing students with a smart and well-equipped, creative and interactive learning environment that can support the professional development of individuals.
