The delegation posed for a photo with representatives of the Amsterdam University of Applied Sciences in the Netherlands.

VTC致力為學生提供教學設備先進、專業，和充滿創意互動的學習環境，促進學生多元發展，提升職專教育成效。早前，由VTC主席戴澤棠先生、副主席葉中賢博士及莊堅烈先生、執行幹事唐智強先生等組成的代表團，赴歐美多個城市，到訪當地多間知名職專教育學院，包括美國紐約市康乃爾科技校區、加拿大多倫多聖力嘉理工學院、德國特里爾應用科技大學、荷蘭阿姆斯特丹應用科學大學、瑞士洛桑州立藝術學院等，了解校園設計和規劃的最新趨勢，為VTC茶果嶺新校舍發展項目取經。

是次考察，代表團參觀了多個職專教育校園及標誌性建築，深入了解歐美在創新空間設計、校園基礎設施、可持續發展設計策略以及公共空間與城市環境設計整合等方面的實踐。代表團亦借鏡院校的學習環境設計，探討空間規劃如何促進師生交流，以及業界夥伴和跨學科合作，並就智能校園及可持續校園發展設計策略搜集了寶貴資料，為新校舍以及未來的其他校園發展項目帶來啟發，務求為同學為打造設備先進完善、創新互動，且能支援專業培訓的學習空間。

代表團參觀加拿大多倫多喬治布朗學院。

The delegation visited George Brown College in Toronto, Canada.

VTC is committed to providing professional, creative and interactive learning environment with advanced teaching facilities to foster students' diversified development, enhancing the learning outcome of vocational and professional education and training (VPET). A delegation comprising Mr Tony Tai, Chairman of VTC; Dr Daniel Yip and Mr Paul Chong, Deputy Chairmen of VTC; Mr Donald Tong, Executive Director of VTC and other members visited renowned VPET institutions in America and Europe, including Cornell Tech in New York City of the United States, Seneca Polytechnic in Toronto of Canada, Trier University of Applied Sciences in Germany, Amsterdam University of Applied Sciences in the Netherlands and Ecole cantonale d'art de Lausanne in Switzerland, etc., to learn about the latest trend of campus design and planning for the development of the new campus in Cha Kwo Ling.

代表團參觀美國紐約市康乃爾科技校區。

The delegation visited Cornell Tech in New York City, United States.

The delegation visited various VPET campuses and iconic buildings in North America and Europe to gain insights into exemplary VPET and educational practices pertaining to spatial design, campus infrastructure as well as their essential smart and green elements and to explore exemplary buildings design that could serve as benchmarks for the development of the new VTC campus. The delegation also looked into how space design can facilitate staff and student exchange, and explored how industrial partnership and inter-disciplinary study can be fostered in the learning environment. The visits also gathered valuable information about the smart and sustainable campus design strategy, providing inspiration on the planning of the Cha Kwo Ling new campus and other campus development projects, with a view to providing students with a smart and well-equipped, creative and interactive learning environment that can support the professional development of individuals.
