

「升降机及自动梯大师」毕业礼 庆贺毕业生成就

“Lift and Escalator Engineering Meisters” celebrate achievements at the Graduation Ceremony

首届升降机及自动梯大师级专业文凭早前举行毕业典礼，17名毕业生获颁授毕业证书。

The Graduation Ceremony of Professional Diploma Meister in Lift and Escalator Engineering is held earlier, with 17 graduates conferred their awards.

为培育更多升降机及自动梯专才，VTC于2022年开办「升降机及自动梯大师级专业文凭」课程，是全港首个达资历架构第五级的大师级专业文凭课程，为行业从业员建立职业进阶路径。

17名学员早前修毕为期两年的课程，于上月举办的毕业典礼获颁授大师级专业文凭课程证书。机电工程署署长潘国英先生、教育局副秘书长李忠善先生及一众电梯业界代表出席典礼，见证「升降机及自动梯大师」的诞生。

VTC将继续紧贴行业发展，提供与时并进的职专课程，助力年轻人及在职人士掌握专业发展机遇。

VTC launched the “Professional Diploma Meister in Lift and Escalator Engineering” programme in 2022 with a view to grooming skilled talent for lift and escalator engineering in Hong Kong. The programme was the first Professional Diploma Meister programme accredited at Qualifications Framework (QF) Level 5, providing a clear vocational progression pathway for industry practitioners.

17 students who have completed the 2-year programme were conferred the Professional Diploma Meister awards at the Graduation Ceremony held last month. Mr POON Kwok-ying, Director of Electrical and Mechanical Services, Mr Esmond LEE, Deputy Secretary for Education, and representatives from the lift and escalator industry, attended the Ceremony to share the joy of the new “Lift and Escalator Meisters”.

VTC will continue to stay abreast of industry developments and provide quality vocational and professional education and training (VPET) to empower young people and industry practitioners to seize professional advancement opportunities.
