环境及生态局早前于IVE电动车维修培训中心举行发布会，由局长谢展寰先生公布《公共巴士和的士绿色转型路线图》。  
The Environment and Ecology Bureau holds a press conference at IVE Electric Vehicles Training Centre earlier, where the Secretary for Environment and Ecology, Mr TSE Chin-wan announces the "Green Transformation Roadmap for Public Buses and Taxis".

减少碳排放是全球关注的重要议题，而绿色运输更是未来的发展趋势。香港特区政府致力于2050年实现碳中和，推广车辆电动化是达成此目标的关键举措之一。职业训练局（VTC）一直积极支持政府的相关政策，致力培育相关行业专才。VTC在辖下机构成员香港专业教育学院（IVE）青衣校舍设立本港唯一的电动车维修培训中心，提供职前及在职培训，以培育合格的电动车技术人员。

上月，环境及生态局于IVE电动车培训中心举行发布会，局长谢展寰先生公布《公共巴士和的士绿色转型路线图》。主要措施包括资助专营巴士营办商以及的士业界购置电动巴士和电动的士，同时鼓励业界扩展高速充电桩等充电设施，支援电动车数量的增长。

随着本地电动车市场蓬勃发展，业界对相关技术人才需求与日俱增。IVE电动车培训中心现时提供多个电动车维修和充电设施相关的课程，协助在职汽车维修从业员提升有关电动车维修和保养的知识和技能，应对行业的发展需要。

VTC将继续积极回应社会需求，提供更多高质素的职专课程，促进香港的可持续发展。

Reducing carbon emissions is top on the global agenda, and green transportation is a significant direction for future development. The Hong Kong SAR Government is committed to achieving carbon neutrality by 2050, and promoting vehicle electrification is among the key initiatives to achieve this goal. VTC has been actively supporting the Government's relevant policies and is dedicated to cultivating industry professionals. VTC has established Hong Kong's only Electric Vehicles Training Centre at the Tsing Yi Campus of its member institution, the Hong Kong Institute of Vocational Education (IVE), providing pre-employment and in-service training to nurture qualified electric vehicle technicians.

Last month, the Environment and Ecology Bureau held a press conference, where Secretary for Environment and Ecology, Mr TSE Chin-wan announced the "Green Transformation Roadmap for Public Buses and Taxis". Major measures include subsidising franchised bus operators and the taxi trades to purchase e-buses and e-taxis, as well as encouraging the industry to expand the provision of charging facilities, such as the fast chargers, to cater for the growth in the number of electric vehicles.

As the local electric vehicle market continues to thrive, there is an increasing demand for skilled talents in the industry. The IVE Electric Vehicles Training Centre offers electric vehicle maintenance and charging related programmes specially designed to equip industry practitioners with electric vehicle knowledge and skills with a view to addressing the industry development needs.

VTC will continue to provide quality VPET programmes in response to the market needs and to support the sustainable development of Hong Kong.

IVE电动车培训中心设有专业的培训设施，与行业接轨，有助学生掌握电动车相关的新技术。  
The IVE Electric Vehicles Training Centre is equipped with advanced training facilities of industry standards which can help students acquire new skills for the electric vehicle industry.
