Our Collaboration, Your Choice

Sharing the same vision of providing quality education, WMG, The University of Warwick and the Vocational Training Council (VTC) have joined forces to provide a valued choice to those who wish to acquire a world-class qualification for enhancing their careers.

With the establishment of the **WMG School for Professional Development** at the VTC, students can receive high-quality postgraduate education from a world-class university.

WMG, The University of Warwick

As one of the largest academic departments at The University of Warwick, WMG's ability to deliver high quality, industrially relevant education is evident through the industry accreditations awarded to many of their programmes.

Vocational Training Council (VTC)

Established in 1982, VTC is the largest vocational and professional education and training (VPET) provider in Hong Kong and provides valuable credentials for some 200,000 students each year through a range of programmes with internationally recognised qualifications.

WMG School for Professional Development

Alumni Sharing

KAO CHING MAN, RITA *Graduate (with Merit) of 2013-14*

International Marketing Manager of Nuevopak Global Limited

"The knowledge of project management and the set of learning skills including information analysis, writing, and presentation are truly relevant to my career. I was particularly impressed by the depth of industrial experience that the tutors from Warwick UK brought to the programme. The simulation exercises not only helped me understand the theories but also stimulated my critical thinking in response to different situations. The most valuable part of the programme is that I had the opportunity to take two modules on the UK campus which allowed me to make a lot of friends there. For me, this was not simply a short study trip but also an enjoyable break from the busy life in Hong Kong."

CHU KAI WING, KEVIN *Graduate (with Merit) of 2014-15*

Executive Director of an investment bank

"The WMG MSc programme is well structured with both academic theories and practical case studies which I can effectively apply to real life situations. The interactive in-class activities allowed me to be connected with a lot of talented individuals. We still stay in touch after graduation. This certainly helps the progression of my career in multiple perspectives and I have no doubt in recommending this programme to you."

Essential Information

- Every care has been taken to ensure the accuracy of the information provided in this leaflet at the time of printing.
- Our course, module content and schedule are reviewed to reflect development in the subject area, it is therefore very important that you check the website for the latest information before you apply and when you accept an offer.
- Successful applicants will receive an offer letter including key information on the specific course to which they have applied.
- Any offer of a place to study is subject to terms and conditions. You can read these at *http://warwick.ac.uk/study/postgraduate/terms*.
- These programmes are registered under the Non-local Higher and Professional Education (Regulation) Ordinance.
- It is a matter of discretion for individual employers to recognise any qualification to which these programmes may lead.
